MATTEL, INC. "CLUELESS™ CD-ROM" MULTIMEDIA PROGRAM LICENSE AGREEMENT

PLEASE READ THIS AGREEMENT CAREFULLY BEFORE USING THE PROGRAM. BY USING THE PROGRAM, YOU AGREE TO ABIDE BY THESE TERMS AND APPLICABLE COPYRIGHT LAWS. IF YOU DO NOT AGREE, PLEASE PROMPTLY RETURN THE PROGRAM FOR A FULL REFUND OF THE AMOUNT YOU PAID.

As between You and Mattel, Inc. or its parent, subsidiaries or affiliates ("Mattel"), the Program is owned by Mattel, *and is licensed to You, not sold.*

The term "Program" means the original program and all whole or partial copies of it, including portions merged into other programs. The Program is copyrighted and includes executable code and audio/visual content (A/V Content). The term "A/V Content" means any image, text, recording, picture or other audio and/or visual work.

1. License. Mattel grants You a nonexclusive license for the Program.

A. Under this license You may:

1. use the Program on only one machine at any one time;
2. make one copy of the Program for backup purposes only; and
3. transfer all of Your license rights in the Program to another party if and only if (a) You transfer this License Agreement and all other documentation provided with the Program, and the complete unaltered Program to the other party, (b) You destroy all copies of the Program in your possession, and (c) the other party reads and agrees to be bound by the terms of this License Agreement. It is your responsibility to ensure that all of these conditions are met. The rights licensed to You under this License Agreement are then terminated with respect to You and transferred to the other party, who, in order to be a valid user of the Program is then subject to all of the terms and conditions of this License Agreement.

B. You must reproduce the copyright notice(s) and any other notice of ownership on each copy or partial copy of the Program.

C. You may not:

1. use, copy, or transfer the Program (including any A/V Content) except as provided in this License Agreement;
2. modify or adapt any A/V Content without the express written consent of Mattel or as permitted by law;
3. reverse assemble, reverse compile or otherwise reverse engineer or translate the Program or attempt to derive source code from the object code version of the Program (except as allowed by mandatory provisions, if any, of the jurisdiction in which You obtained this License);
4. sublicense, rent, or lease the Program;
5. remove any proprietary notices or labels in the Program;
6. sell any items made using this Program or use the Program as part of a service bureau;
7. use this Program on any network or download, upload or exhibit the Program via the Internet/World Wide Web/WebTV/satellite or any similar technology; or
8. use this Program in a country other than the country in which it was purchased.

2. General. Your license will terminate automatically (which means that all rights licensed to You under this License Agreement terminate) without notice from Mattel if You fail to comply with the terms of this License Agreement. In such event, You must destroy or disable all Your copies of the Program. You agree to comply with all applicable laws and regulations in your use of the Program. Without limiting the generality of the foregoing, you agree to comply with all applicable import and export laws and regulations. This License Agreement shall be governed by, and construed in accordance with, the laws of the State of California without giving effect to any principles of conflicts of law. The provisions of this License Agreement are severable; if any provision is held to be invalid or unenforceable, it shall not affect the validity or enforceability of any other provision. The parties expressly exclude the application of the United Nations Convention on Contracts for the International Sale of Goods, as amended, replaced or reenacted from time to time.

System Requirements

IBM® PC or Compatible

486DX/33 MHz or better, double-speed (2x) CD-ROM drive
8MB of free RAM
Minimum 20 MB free disk space on hard drive
Microsoft® Windows® 3.1 or later
VGA monitor, graphics adapter with 1MB of DRAM
640x480 color display, 256 colors
16-bit Sound Blaster® or 100% compatible sound card and speakers
Standard AT-101 keyboard
Standard mouse
Printer recommended to output **Clueless**™ snapshots

Macintosh®

68040 CPU or PowerPC™, double speed (2x) CD-ROM drive
8MB of free RAM
Minimum 20 MB free disk space on hard drive
System 7.1 or greater
VGA monitor, graphics adapter with 1MB of DRAM
640x480 color display, 256 colors
100% compatible sound card and speakers
Standard keyboard
Standard mouse
Printer recommended to output **Clueless**™ snapshots

PLEASE NOTE: 256 colors is the only way to view this disk. If you don't set your display to 256 you can't shop at the Unique Boutique. Bummer!

PLEASE NOTE: Scanner or digital camera required to digitize personal photos

Installing and Running The Program

WINDOWS® 95

Installing

- Insert the **Clueless**™ CD-ROM disc into your CD-ROM drive.
- If you have the Auto Insert notification feature enabled for your CD-ROM, the installation will start automatically and you can skip the following two steps. If this feature is not enabled, perform the next two steps.
- Select Start and then Run from the Windows® 95 taskbar.
- In the dialog box, type d:\install.exe (d: refers to your CD-ROM drive. If your CD-ROM drive is not d:, type the appropriate letter). Press ENTER and follow the instructions on the screen.
- It will take several minutes to actually complete the installation.

Running

- Insert the **Clueless**™ CD-ROM disc into your CD-ROM drive.
- When the Autostart window appears, click the OK button to run the program. You can also select Start from the Windows® 95 taskbar and then find the **Clueless** icon under "Programs...", "Clueless". Click the **Clueless** icon to run the program.
- If you installed the **Clueless** icon on the desktop, double click on the **Clueless** icon to run the program.

WINDOWS® 3.1

Installing

- Insert the **Clueless**™ CD-ROM disc into your CD-ROM drive.
- Select "Run..." from the File menu in the Program Manager.
- In the dialog box, type d:\install.exe and press ENTER (if your CD is not d:, substitute the correct drive letter).
- After installation is complete, you'll find an icon called **Clueless** in the **Clueless** Program Group within the Program Manager.

Running

- Insert the **Clueless**™ CD-ROM disc into your CD-ROM drive.
- From the Program Manager, find and open the **Clueless** Program Group and double click the **Clueless** icon.

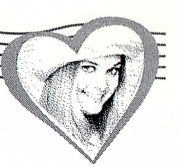
MACINTOSH®

Installing

- Insert the **Clueless**™ CD-ROM disc into your drive.
- Double click on the **Clueless** Installer icon and follow the directions on the screen.

Running

- Locate and double click on the folder called **Clueless** on your hard drive.
- Double click on the **Clueless** icon in your hard drive.



Uninstalling The Program

WINDOWS® 95

- Double-click on the "My Computer" icon.
- In "My Computer" window, double click on the "C" drive.
- In the "C" drive window, double click on "Program Files" folder.
- In "Program Files" window select the "Clueless" folder.
- With the "Clueless" folder highlighted, hit the "Delete" button to permanently delete the program from your computer.
- You will need to delete the icons from your hard drive as well. To delete the large desktop icon, simply select the icon on your desktop and hit delete. To delete the small icon in your Program Files pull down menu, do the following:
- Click the "Start" button in the lower left-hand corner of your taskbar (sometimes hidden in the bottom of your screen).
- From the "Start" menu options, choose "Settings."
- From the "Settings" options, choose "Taskbar..."
- This will bring up the "Taskbar Properties" window in which you will see two tabs, "Taskbar Options" and "Start Menu Programs."
- Click "Start Menu Programs."
- In the "Start Menu Programs" tab, click the "Remove" button.
- This will bring you to the "Remove Shortcuts and Folders" tab where you will see a listing of all the shortcuts currently on your computer.
- Scroll down until you find "Clueless."
- Highlight "Clueless" and hit the "Remove" button.
- Hit the "Close" button to leave the "Remove Shortcuts and Folders" window.
- Hit the "OK" button to leave the "Taskbar Properties" window.

In Windows® 95, after you uninstall, you may drag any remaining "Clueless" icons on your desktop into your recycle bin.

WINDOWS® 3.1

- Find the **Clueless** file in Program Files.
- Delete folder.

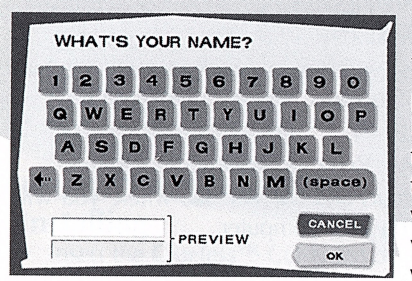
MACINTOSH®

- Double-click on your hard-drive to find the "Clueless" folder.
- Highlight this folder and drag it to the trash can. Then, select the "Clueless" icon on your desktop and drag it to your trash can.
- In the menu bar at the top of your screen, click "Special" and drag your mouse to "Empty Trash...".
  That's it. All done!

'Zup Girlfriend

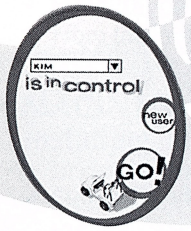
Welcome to the way bodacious **Clueless**™ CD-ROM. Here, you have the chance to totally hang with Cher and the rest of the **Clueless**™ Crew. You have a monster map to help you get around and your own personalized cell phone, so you are totally hooked up! Just like Cher, you now have an updateable closet and the power to do some massive makeovers. And, since Cher always tries to use her popularity for good, she's provided you with a section devoted to preparing you for some important life decisions, like choosing a career, or how tell a Barney from a babe. And, hello, life wouldn't be worth living if there weren't any shopping. So we've totally included a section dedicated to creating and buying some furious fashions. But enough random instructions, let's get started. We're outie!

Log-In



New User Log-In

The first time you ever use the **Clueless**™ program, you will see a typewriter screen. Enter your name by either typing it in on the keyboard or clicking on the letters on the screen with your mouse. Click "OK" when you're done. From then on, all of your user preferences (music, closets, etc.) will be saved — even when you exit the program. The next time you use the program, if you are the only person who has logged in, you will not have to repeat this step. Instead, the program will go directly to the Map screen upon start-up.



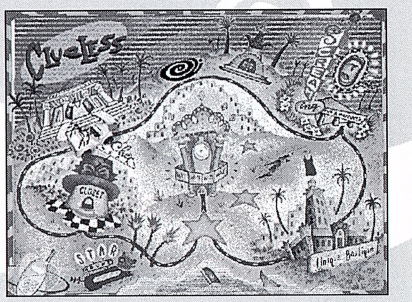
Multiple User Log-In

If more than one person has logged into the program, you'll see the multiple user log-in screen upon starting up. Here you can select from all of the users who have logged in. Click on the downward arrow to see your options. Drag your mouse to the name you wish to select (you'll know you've done it right if it changes color). You can also add a new user by clicking on the "New User" button. Click "Go" when you are ready to start. Up to 5 people can add their names to the program.

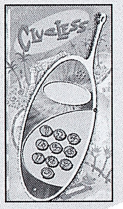
Getting Around

It's like that famous saying: Options are a girl's best friend. You totally have two ways to get around the program—the Map and the CluePhone.

Map



Every well-accessorized Betty should have a map to navigate through life. Your map will bring you to the four main activities of the program *(Cher-Wear Closet, Screaming for a Makeover, Way Win/Win Way, and Unique Boutique)*. Just click on the building you want to explore and Cher's fully loqued-out vehicle will take you there. To quit the program completely, click on Cher's house in the upper left-hand corner. Exploring the other buildings is just for kicks!



CluePhone

Cher and her friends are never without their cell phones. They are like, so necessary. Of course, you get one too! Click the CluePhone in the bottom left-hand corner of the screen at any time to make getting around the CD-ROM as easy as pressing a digit! Just speed-dial your way to any of the activities by clicking on a number on the CluePhone. Here is a list of what's in store:

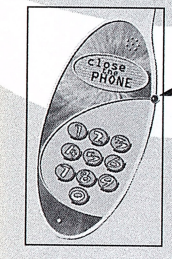
Button #	Will take you to:
1	**Cool Stuff** Way cool Internet info and a list of some of Cher's totally favorite words
2	**Cher-Wear Closet** Mix and match Cher's stellar clothes to create a totally golden outfit, experiment with different accessories, and see how your creations will look on Cher, Di, Amber, and yourself
3	**My Stuff** Save and print the screens that you have created along the way
4	**Screaming for a Makeover** Make over your favorite members of the Clueless Crew
5	**Map Overview** Another way cool way to get around Cher's world
6	**Way Win/Win Way** 6 totally awesome activities to help you become a major Betty

continued

8 **Unique Boutique**
Customize clothes, import your own clothes and face, and create your own virtual closet

9 **Quit**
You are so outie!

0 **Customize**
Get help; change the look of your phone; select cool music; add, delete and change users



Close the Phone

Clicking the Close the Phone button allows you to go immediately back to the screen you were working on (except in the Unique Boutique).

Cool Stuff

Clicking on the number "1" button on the CluePhone brings you to "Cool Stuff". Here you will find info on the **Clueless** site and a way cool glossary of some of Cher's favorite words. Check it out!

Cher's Vocabulary

Barney .....Geek, dork, non-Hottie
Betty .....A cute girl
Bodacious .....Excellent, remarkable
Chaotic .....Bad, messy, out of control
Chill.....Relax, hang out
Chronic .....The best, really good
Couture .....Custom made for you
Customize .....To make it your own unique way
Cuts .....Muscles
Empowering.....To make you feel good about yourself
Ensemble .....An outfit
Faux.....Fake, not real
Flaunt.....Show off
Furious.....Great, really cool
Guru .....Master, King, Know-All
Hottie.....A cute boy
Inspirational .....Influencing in a positive way

continued

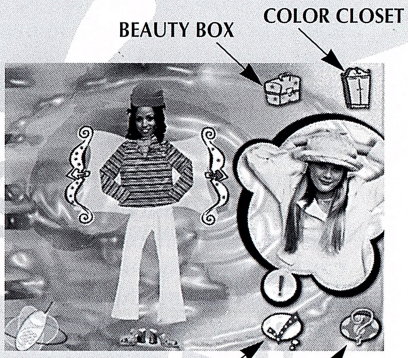
Props .....Respect, reward
Righteous.....Good choice, positive
Soupçons .....Pieces, small tid bits
Stellar.....Outstanding, Out of this world
T.B. .....“True Blue,” friend
Tow Up .....In bad shape, looking bad

Cher-Wear Closet



You can get to the "Cher-Wear Closet" by dialing "2" on your CluePhone.There is an outfit for every occasion, and here is where finding the perfect ensemble is as easy as pointing and clicking. This is how Cher puts together a righteous ensemble every time!

Place your mouse over the different items of clothing, then use the arrows on the right and left to scroll through your choices until you find the perfect item. Choose from tons of tops, skirts, dresses, hats and shoes.

You can totally see what your creation will look like on Cher, Amber and Di. Just click on the space between the hat and the top and they will so model for you. And best of all, if you digitize your face in the Unique Boutique, your face can appear here as well. Praiseworthy to the fullest, yes?

And, hello, there is so much more to this section of the program. Click on these four icons to totally add to your couture experience:

Beauty Box

To accessorize to the max, click on the on the top of the screen.

Use the arrows in the Beauty Box bubble to find the accessory you want to complete the look, then click on that accessory and drag it to the outfit. There are three "types" of accessories – shades, purses, and other stuff – and you can only have one type of accessory on the outfit at any given time. So if you already have a pair of shades on the outfit, and you drag another pair onto the outfit, the first pair will disappear – even if you drag the second pair to a totally different location. If you want to remove an accessory from the outfit, just drag it back into the Beauty Box bubble. Click on the ! to close the Beauty Box.

Color Closet

Of course, when you're dealing with so many fabulous pieces of clothing, there has to be a way to sort them or things could get chaotic. Click on the to get to the two special ways of sorting your clothes.

Sorting by Color: Cher's closet is sorted by color, so there's no chance of a major mismatch! To see clothes sorted by color, click the .

This will show you the color categories you have to choose from. Click a color button to see your options in that particular hue. Perhaps you're feeling "true blue" or "green with envy"? You'll only see outfits in the color scheme you choose, so remember to click the to see all the choices together.

Sorting by Closet: Under the color wheel button, you'll see . Click here to access different closets. All of Cher's favs and raves are accessible here. Any clothes you've customized in the Unique Boutique and saved into a closet are also available here to match with other items. Any new closets you have created in the Organizer are here as well. Select a closet by clicking on it, then scroll through the items. By clicking the  , you can match the items in your custom closet with some of Cher's favorite threads.

Click on the ! to close the Color Closet bubble.

Help Me Out

Cher is always willing to share her righteous opinions on fashion. To hear what she thinks of your latest creation, click the at the bottom of the screen. Click on the ! to close the Help Me Out bubble.

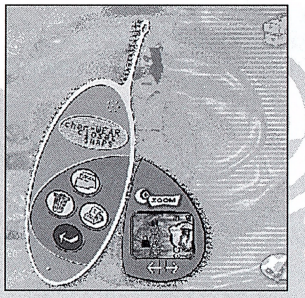
Randomizer

Not everyone has an eye for classic fashion like Cher. To get her help, click on the question mark in the lower right corner and she'll build an outfit around the last item you clicked. Stylin'!

MY STUFF

Snap It

Of course you'll want to take pictures of all your creations or of any screen and share them with your friends. Place your cursor to the left of the small CluePhone that is present in the lower left hand corner of any screen, and you will see a little camera labeled "Snap It!" Click here and you will take a snapshot of the screen. Snapshots are saved in the "My Stuff" compartment of the CluePhone.

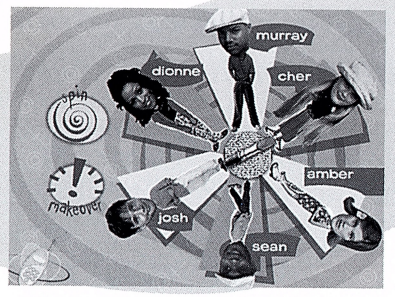


Clicking on the number 3 button on the CluePhone brings you to "My Stuff", a secret compartment inside the CluePhone. Open it up and you can scroll through all of the images you have saved using the Snap It! feature. The images are saved in "folders" by the activity you took the picture in, like Screaming for a Makeover or the Cher-Wear Closet, so click on the to cycle through the different activities.

Here are a few more helpful hints:

- The will scroll through all the pictures in a single activity. You can save up to ten images for each activity.
- There is a "Zoom" feature if you want to see the image really big. Just click on the .
- To print out the pictures you like, click on the .
- Trash the ones you don't want by clicking on the .
- To close "My Stuff", click on the .

Screaming for a Makeover



Click on number "4" on your CluePhone to access "Screaming for a Makeover". Cher thinks almost everybody could benefit by trying out a new look once in a while. In this activity you get to make over the Clueless Crew! Have fun seeing how Murray would look with Amber's nose, or give Dionne a chronic new hairstyle. The possibilities are endless! Naturally, Cher chooses to sit out this activity, because you can't improve on perfection, right? Cher cannot be made over.

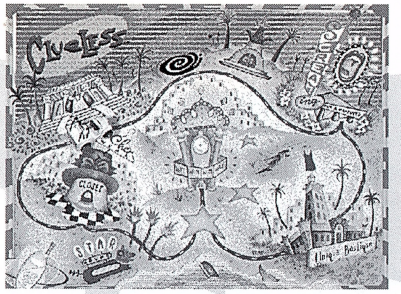
Start by clicking on the Spin button to let the computer choose a character for you.

Then click the Makeover! button. Or click directly on the character you want and the computer will automatically make them appear in the next screen.

When you're in the next screen, click on any of the outer circles. This will cycle you through a praiseworthy selection of facial parts, hairstyles, lipstick colors, and bodacious bodies. The first time you click on one of the outer circles, the feature shown in the center circle will be the one the character already has on. Continue to click on the outer circle 'til you find a feature you like. Then click on the big circle in the middle and that feature will magically appear on the face to the right! Cool, huh? Continue with the other buttons 'til you've created your masterpiece! Don't forget to take some snapshots of your hard work!

If your hand gets tired from all the furious clicking, hit Randomizer to let the computer come up with a totally new look. The results can also be totally heinous, but don't worry, it's not so permanent!

And you can always start over or work on a new person by using the Go Back button.



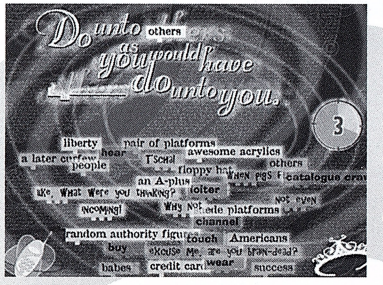
Map Overview

You can get to the map any time by dialing "5" on your CluePhone. You'll see the buildings where all of the different activities take place. Click on a building and Cher will give you a lift there (better wear your seat belt).

Way Win/Win Way

Cher has had the benefit of proper training and education to make her the diva that she is. In Way Win/Win Way you can play six way cool, way fun games to help master the skills you need to be the best Betty you can be. Every game you successfully complete will earn you a jewel for your very own tiara. Success at one activity will result in a one-bejeweled tiara, earning another two gems will get you a two-bejeweled tiara, and completing all six games will grant you the ultimate three-bejeweled tiara, and you will have achieved your own personal perfection! But check it – if you leave Way Win/Win Way before completing all six levels, you'll have to start over from the beginning when you get back!
Here is a walk-through of the 6 games:

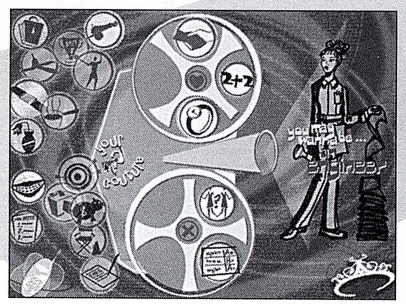
Chronic Conversation



Famous quotes are so key! There's one that fits every situation, so you'll never be at a loss for words. In this game the object is to fill in the blanks of the famous quote at the top of the screen by clicking and dragging the correct words or phrases from the jumble at the bottom. Do it before the time clock runs out, and you'll earn a jewel. (Hint: grammar is key, girlfriend, so don't try mixing your nouns and verbs, because it just won't work.)

You can also get creative and form your own original quotes. This is something at which Cher is quite talented! Although you won't be able to earn a jewel this way, you'll be able to invent some fun quotes of your own. Click on the clock to stop it, and then play around inserting different words and phrases. Be sure to snap your best – or silliest – efforts for future reference! They might come in handy someday.

Career Couture



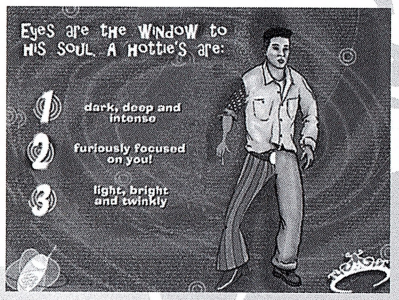
Deciding what career to pursue can be totally confusing! There are, like, so many options! Thankfully you can turn to Cher and Career Couture for some sensible career counseling.

On the left of the screen you'll see images representing different activities. Mouse over the images to highlight the name of the activity. Click and drag the activities you like into the top projector reel called "Love it", and those you're less than thrilled about to the bottom projector reel called "Hate it". If you fill up all the spots on both the "Love it" and "Hate it" reels, the career counseling machine will automatically project your most chronic career choice on the right, and Cher will provide some helpful comments on your destined career.

If you don't fill up all the spaces on the two projector reels, don't sweat it, just click on the "Your Couture" button on the projector and a career choice will automatically project based on the selections you chose.

This venture into self-exploration will always earn you a jewel. Radical!

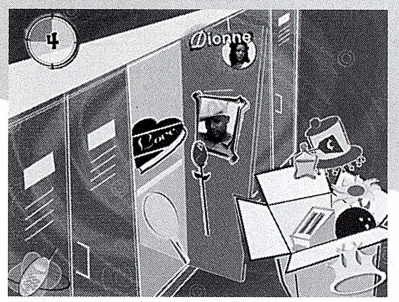
How to Spot a Hottie



Cher knows it takes practice to tell a Hottie – otherwise known as studmuffin or cute boy – from a Barney (a way geek). A girl could use a little help sometimes! How to Spot a Hottie is here to make the pursuit of cute boys a complete no-brainer.

You will be asked six questions about boys. Click on the numbers to answer the questions as a true Betty would. If you give a Cher-iffic answer, a hottie body part will appear on the right. A totally faux answer will produce a Barney body part – harsh! But all girls are unique individuals, and have different feelings about what makes a hottie hot. You gotta respect diversity – that's why you'll always earn a gem just for answering all six questions, any way you want. Go, girlfriend!

School Spirit

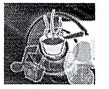


Decorating lockers is a high school tradition – hello! And who can do it better than Cher? It's a great way to show her t.b.s how much she cares. But even she needs help sometimes, when it comes to choosing just the right stuff for the occasion.

Listen carefully to the introductory audio to determine the worthy cause. Then click and drag items you think are appropriate from the box on the right, and place them in the locker. Make sure the items go inside the locker or they might slip out. Listen for hints from Cher to help you figure out which items belong and which do not. Leave any of the correct items out, or place incorrect items in the locker, and you're toast. You won't get your gem, and that could be a major bummer!

Moving Beyond Procrastination

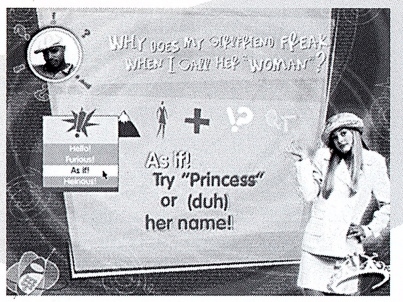
In this furiously fast-paced activity, you'll practice focusing on the task at hand and avoiding annoying distractions.



At the bottom of the screen you'll see a whirling circle of items.

One of them doesn't go with the others, and it's up to you to figure out which one. Your mission is to click and drag the icons that belong together to the bar to the right of the circle before time runs out. Easy, you say? Well, the icons are spinning grievously fast, and there are distractions – the TV, the ringing phone, all those magazines still unread, a warm fire in the fireplace, and friends at the window! You can get rid of the distractions by clicking on them or putting them away. There's no time for them now, girl. Pull down those shades! Click the remote to turn off that TV. Drag those books and mags into the drawer. You get the idea. Or you may choose to ignore the distractions. But, if you do that, beware – the icons will spin faster and faster! The choice is yours. Need a break? Click on the clock to stop it and you can totally pause. Drag all of the correct items into the lineup while leaving out the misfit and you earn a jewel!

Empowering and Nurturing Furious Friends



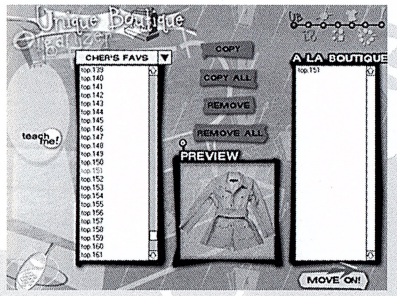
Cher is such the giver of advice, and in this activity you can help her write her advice column, sharing words of wisdom with those in need. That's what friends are for, right? But, tcha! Cher has totally encoded the answers so only her t.b.s will understand them. Clever girl!

A question from one of Cher's praiseworthy cohorts will appear on the screen. Click on the secret symbols and you'll see a pull-down menu of words or phrases. Drag your mouse to a selection and release. The objective is to form the correct response you think Cher would give. Continue with the other symbols. You'll know you're on the right track when the word or phrase turns red on the screen. Make the grade and earn a much-desired jewel, but incorrect responses are fun to snap and print out to trade with friends.

Cherisms

Need a sense of control in a world full of chaos? Dial "7" on the Clue Phone to get the 411. You'll hear a dose of Cher's way inspirational wisdom!

Unique Boutique

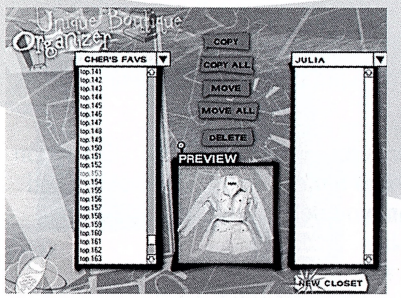


Anyone up for shopping? Hello! Clicking on the number "7" on your CluePhone will bring you to the Unique Boutique where you can totally customize fashions from Cher's closet and buy them to keep for your own. Modify the items by colorizing, decorating, categorizing, and re-sizing. Hemlines are always changing and you need to be on top of it! All your creations will automatically appear in the Cher-Wear Closet. How fun!

Since Cher is the self-proclaimed queen of shopping, she has created a tutorial to help you through. Just click the Teach Me! button for a guided tour. Here's how it works:

The first screen you will encounter has two functions:

Organizer



Here you can create new closets and mix and match clothes with your friends. You can see all of your closet choices by clicking and holding down the downward arrow. Or, you can click the New Closet button to create a new closet. This will give you a typewriter screen much like the one you saw when you first started the program. Type in the name of the closet you want to create. Remember, you can only create 5 closets, and that includes the closet that is created every time a new player logs on. Closet names can only have up to 8 characters.

Now there are a couple of things you should know before trying to mix and match between closets. Read them first before you begin:

- There are two categories in the pull-down menus: storage places and closets. My Pix and Other Pics are for unprocessed images only. That means these are basically storage places for your digitized photos. Everything else is a closet, which means they contain images ready for use in the Cher-Wear Closet.
- You cannot mix and match between storage places and closets. This means that, in the Organizer, the title of the menu on the right and the title of the menu on the left have to be both storage places or both closets.
- You cannot make changes if the title of the menu on the right and the title of the menu on the left are the same.
- Most of the actions work from the left to the right. That means that if you click the "Move All" button, all of the items in the left menu will move to the right menu. The one exception to this is the "Delete" button, which will delete a highlighted item from either menu.

Here is how the buttons work:

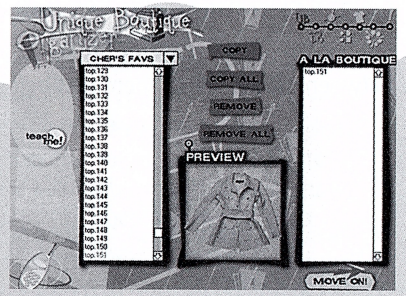
- COPY will make a copy of the highlighted file from the left hand menu and put it in the right hand menu. The original file will still remain in the left hand menu.
- COPY ALL will make a copy of every file in the left hand menu and put the copies in the right hand menu. The original files will still remain in the left hand menu. Please note that the "Copy All" function will take a while.

- MOVE will move the highlighted file from the left hand menu and put it in the right hand menu. The original file will no longer be in the left hand menu.
- MOVE ALL will move every file in the left hand menu into the right hand menu. The original files will no longer be in the left hand menu. This sometimes takes a while.
- DELETE will delete the highlighted file. This is the only button that will work on the left and right hand menus. It's important to remember though, that deleted files are gone for good. So think hard before you delete anything.

Unique Boutique

This section is where you get to totally customize Cher's clothes and buy them to keep for your own. There are a couple of things you should know before beginning:

- The gauge in the upper right corner tells you exactly what stage you are at in the process of customizing. Also, clicking here will repeat the instructions for the step.



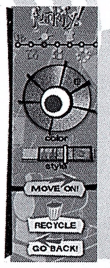
Cher's furious fashions are in the list on the left in the Cher's Favs closet. Hold down the mouse on the downward arrow if you want to customize clothes in other closets. Copy any item you wish to customize by clicking on it in the list – a picture of the selected item then shows up in the preview box – and then clicking "Copy". Pick as many as you want. If you want to customize her entire killer wardrobe, click "Copy All". The selected items will then appear on the right in the "A La Boutique" column. However, if you change your mind and want to delete an item from the "A La Boutique" list, click on it, then click "Remove". Or click on "Remove All" if you want to start a whole new list. As always, it's a girl's prerogative to change her mind!

Click "Move On" to edit the first item on the list you have selected.

Fashion Cam

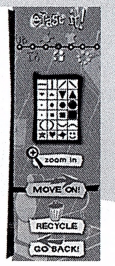
You only get this screen when you are using your own digitized pictures, so don't worry if you don't get it when editing Cher's Favs. Use the "Box It" tool to drag a neat red box around the item you want to use (for example you may want to use your face, your skirt, or your totally happening shoes). Click on the camera to capture that portion of the image. You can also move your image around and make it bigger or smaller if you need to. Repeat this process as many times as necessary – you may want to create three items from one picture. Hit "Move On" to continue. The "Go Back" button will erase your latest step. The "Recycle" button will throw away all of your hard work.

Funkify!



Add color to your item by clicking around the color wheel on the right. (The colors won't match exactly, but you get the idea). Want more options? Use the style slider to add some funky variations of color and texture. The left button on this slider will give you springy pastel shades. The middle one provides that crazy psychedelic look that was big in the 70's, and the one on the right gives you some darker shades (I know, grunge is, like, so last year!). Don't worry if things get too whacked out, you can always return to the original version of your item by clicking the first slot on the left side of the "Style" bar. Note: The last two slots on the "Style" slider may create a colored box around certain images. Stop wiggin' – you can totally erase it in the next step. Click "Move On" to continue.

Erase It



Get in touch with your inner fashion designer! Transform your maxi into a mini, your dress into a shirt, your pants into shorts – change is good. After clicking on one of the erasers on the right hand side, move your mouse over to your garment and hold it down where you want to erase (now is the time to get rid of the colored box if you created one in the Funkify screen, or erase the background of your digitized personal photos). You can also use this tool as a stencil to create unique appliques on your clothes. Just click anywhere you wish to decorate your outfit. Click "Move On" to continue.

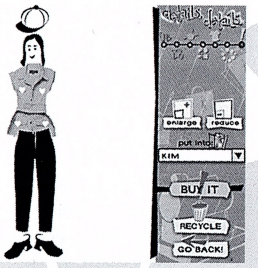
Whatzit!?

The computer needs to know what kind of item you are working on so that it can be sorted properly in your closet. Organization is a must for a busy Betty. Click the appropriate item in the circle to the right. Your choices are as follows: face, tops, bottoms, dresses, shoes, hats, shades, purses, and other stuff. Click "Move On" to continue.

Color Me Excited

Of course, your clothes must also be properly categorized by color! Click on the main color group that the item belongs in. A "1" will show up in the colored circle. If there is a second color group that the item belongs to, click on that color. A "2" will appear in that circle. You can choose up to three colors. Don't forget to click on the gray, black, and/or white slashes if they best describe your garment. Click "Move On" to continue.

Details, Details!



Now you need to size and place the item so it will look perfect in the Cher-Wear Closet. Drag your item around and use the "Enlarge" and "Reduce" buttons to get the size correct. Then, decide which closet you want to put it in by clicking and holding the downward arrow by "Closets". Here, you have a chance to create a new closet by selecting "New Closet" from the pull down menu in the Details, Details! screen. This will bring up a typewriter. Click on each letter on the screen to name your closet (you can use up to eight characters). Or type the name in on your keyboard. You are free to create up to five custom closets. They're great for keeping track of clothes by season (summer whites, winter plaids, you know), color, or any way that "suits" you!

Once you are done, click "Buy It" and the item will be saved into the closet of your choice. You will automatically return to the opening screen of Unique Boutique. Click the arrow next to Cher's Favs and find your closet. Your new

garment will be there. Now you can play with your new garment in the Cher-Wear Closet. Just click on the wardrobe icon, click on the category icon and select the closet where your new fashion is located. Accessorize away!

Importing Your Own Clothes, Accessories and Face

Not only can you mix and match Cher's clothes, you can also create our own virtual closet! In the Unique Boutique, you can import your own clothing and accessories to create a killer outfit in the "Cher-Wear Closet"! You can even bring your own face in to see how hot you look in your new threads! Here are the steps involved:

1. Take the best photos possible of your face and/or your clothes. It is best to take a color picture of you facing straight forward and looking at the camera. You can also use photos that already exist if you have scanning capabilities.
2. Have your picture digitized (either use your scanner, a digital camera, or have the film developed to disk). Here is the way important information:
   - Make sure it's digitized to 72 DPI
   - Make sure it's an 8-bit image
   - Make sure if you are using a PC that you save it as a BMP.
   - Make sure if you are using a MAC® that you save it as a PICT .
   - Make sure you give the file a short file name of less than eight letters.
3. If you have the option to specify a color palette, use the Mac® palette, otherwise the colors of the photo could get all funky. Don't worry, most software will automatically change your color palette to make it work.

Once the image is digitized, simply copy or drag the file into the "My Pix" folder of the Clueless directory on your hard drive. The file will be in "My Pix" Closet when you hold down the arrow next to "Cher's Favs" in the Unique Boutique and the Organizer.

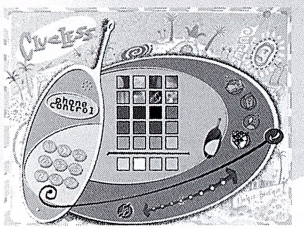
Remember, you must process any item in your "My Pix" folder through the Unique Boutique before it can be placed in a closet. If you try to place it directly into a closet, it won't work.

Sharing Your Clothes

A cool thing about a virtual closet is that you can share your clothes without stretching anything! If your friend also has the **Clueless**™ CD-ROM and wants to borrow your fashion forward garments then all she needs is a floppy disk. Just click on the Programs folder on your hard drive and find "Clueless." Click on the Clueless folder and you will find a folder named "Closets." In the Closets folder you will find your own closet and you can drag it to your floppy drive (usually the A drive on a PC) and put it on a blank disk. Sometimes you won't be able to fit all your garments on one disk, but you can always go to the Unique Boutique Organizer and delete or move a few items.

Quit

You are so outie! Clicking on number "9" on the CluePhone will speed dial you out of the program.



Customize

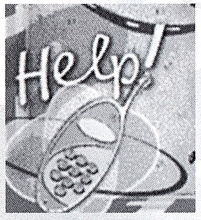
Variety is the spice of life. And by dialing "0" on the CluePhone, you can get the Help function, update the User info customize the look of your cell phone, and choose from some cool background tunes.

Everybody needs help occasionally! For "Help" in the activity you are currently in, place your mouse over the button. You'll see the name of the help section on the screen of your CluePhone. Just click the icon to open it! For "Help" in such areas as scanning, computer configuration, or other general issues, click the button.

You can also update user info here by clicking the "User Control" button. By doing this, you will have the opportunity to change, add, and delete user information. Don't forget that for each user, the computer will add a closet and save preferences such as music selection, volume, and closet information.

Now for the fun part! To color-coordinate your Clue Phone, click on any of the funky-colored boxes. The ones below the line change the color of the dial pad, and the ones on top will change the color of the rest of the phone.

You can also choose from some groovy jams by clicking on . There are six totally original tunes, or you can sample them all by selecting the "Mad Mix" option. Pump up (or down) the volume by clicking on the dots to the right of the musical note.



To close the "Customize" section, click on the arrow on the right of the screen.

You can also access help without using the CluePhone. If, at any time, you need assistance with an activity, place your cursor to the right of the small CluePhone, and you will see an area labeled "Help!" Click on this button to get instant help about that activity.

Cool Soundtrack

Diggin' the funky soundtrack? You can hear full-length versions of three songs in this CD-ROM by just poppin' the disc into your CD player. Click the track forward button once and hit "play." No complaint rock here, these tunes are totally chronic!

General Troubleshooting Tips

Remember the following for flawless performance:

Closet names can only be 8 characters.

Only 5 personal closets can be created.

Deleting closets must be done from the hard drive.

Slower machines may take a while to load the Cher-Wear Closet.

The screen should be set at 256 colors for best performance.

Background printing may cause a delay in printing. Please turn background printing off.

For more troubleshooting tips please refer to the Read Me file on your **Clueless**™ disc.

Customer Service and Technical Support

If you have any questions regarding a Mattel Media program, please contact us for assistance. Our technical support representatives can be reached by calling toll free:

MATTEL, INC.
90 DAY LIMITED WARRANTY

Mattel, Inc. warrants to "You" (the original consumer purchaser) that, under normal use, the "Product" (including the software program and the CD-ROM disc on which the software program is recorded) will be free from defects in material and workmanship for ninety (90) days from the date of purchase (Your receipt shall be evidence of the date of purchase). This Limited Warranty does not cover damage resulting from accident, misuse, unauthorized modification, or other conduct or conditions outside the control of Mattel, Inc. or its subsidiaries or affiliates (collectively, "Mattel"). If defective, return all contents of this package (including but not limited to the CD-ROM disc, user guide, and all other components of this package) along with proof of the date-of-purchase, within the ninety (90) day warranty period, for replacement or refund at Mattel's election to Consumer Adjustment Center, 15930 E. Valley Boulevard, City of Industry, California 91744. Immediately upon Your receipt of any refund, Your license to use the Product is terminated. THE FOREGOING LIMITED WARRANTY IS THE SOLE WARRANTY PROVIDED IN CONNECTION WITH THE PRODUCT AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH IMPLIED WARRANTIES ARE EXPRESSLY DISCLAIMED. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY MATTEL OR ITS SUPPLIERS, DEALERS, DISTRIBUTORS, AGENTS, CONTRACTORS OR EMPLOYEES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS LIMITED WARRANTY. This Limited Warranty gives You specific legal rights; You may have other rights which vary from state to state. Some states do not allow the exclusion of incidental or consequential damages, or the limitation on how long an implied warranty lasts, so some of the above exclusions or limitations may not apply to You. In that event, or in the event that federal law restrictions apply, such warranties are limited in duration to a period of ninety (90) days from the date of delivery of the Product to the original end user. No warranties apply after that period.

IN NO EVENT SHALL MATTEL'S LIABILITY FOR ANY DAMAGES TO YOU OR ANY OTHER PERSON EXCEED THE PRICE PAID FOR THE PRODUCT, REGARDLESS OF ANY FORM OF THE CLAIM (INCLUDING BUT NOT LIMITED TO BREACH OF CONTRACT, PRODUCT LIABILITY OR NEGLIGENCE).

MATTEL AND ITS SUPPLIERS, DEALERS, DISTRIBUTORS, AGENTS, CONTRACTORS AND EMPLOYEES (COLLECTIVELY, THE "MATTEL GROUP") WILL NOT BE LIABLE FOR ANY LOST DATA, INCIDENTAL, SPECIAL, PUNITIVE OR INDIRECT DAMAGES OR OTHER CONSEQUENTIAL DAMAGES, EVEN IF MATTEL OR ANY OF THE MATTEL GROUP HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

For inquiries regarding the Product, please contact Mattel, Inc. at 333 Continental Boulevard, El Segundo, California 90245. **VALID ONLY IN THE U.S.A.**
